REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 MARCH 2020 (continued)

ACHIEVEMENTS AND PERFORMANCE

We can have a maximum of 12 trustees on the board and at present we have 7 which includes the Chair, Vice Chair and Treasurer. The Board meets every six weeks.

The trustees continue to enhance the governance of the Centre through regular board meetings throughout the year, and through progressing quality improvements and developments. We are keeping up to date through Zoom meetings in the present climate to ensure that we are supporting YCC managers and staff.

We have a trustee that attends staff/volunteer meetings twice a year to increase understanding and communication between staff and trustees, and ensuring joint input into decision making and future developments.

We have clarified our roles to ensure that the expertise of each trustee is used effectively and have formed sub groups within the board. The Chair, Vice Chair and Treasurer have regular meetings with the management team.

With over 4,000 registrations, York Carers Centre continues to provide free information advice and support to all unpaid carers throughout York.

The Centre aims to ensure the voice and opinions of carers are heard, acknowledged and respected and raise awareness of the vital contribution that carers make to society and the economy. It is widely accepted that without unpaid carers, health and social care could not provide the funding and resources necessary to support some of the most vulnerable and ill people maintain a quality of life and independence to live in their own homes. Unpaid carers are an asset and play an integral role in care of the person they look after and it is imperative they are supported to maintain their own health and wellbeing.

We are fortunate to have a good and long-standing relationship and support of commissioners, both from the Vale of York Clinical Commissioning Group and City of York Council, alongside a dedicated and highly skilled workforce and volunteers.

Raising awareness of carers:

York Carers Centre works in a variety of ways to raise awareness of carers

- During this year over 400 professionals completed our carer awareness training courses
- We engaged carers in drafting a new five-year strategy with City of York Council to promote York as a carer friendly city
- We promoted and held activities during Carers Awareness Week and Carers Rights Day including making a short film for staff at the Vale of York Clinical Commissioning Group 'Making Carers Visible'
- We continue to work with local employers to build carer friendly workplaces
- We ran regular stalls at York Hospital and York Shambles Market
- We attracted over 2,900 followers on social media

Events and activities:

We've held over 200 group sessions/events for carers during the year. Peer group sessions help carers to come together to share their experience in relation to their caring roles. Three support groups meet regularly supporting carers looking after someone with a mental health and or an addiction condition. We broker the support of other professionals and specialists who attend some of the sessions to meet carers, to create better understanding between recipients of services and those who deliver and manage services, alongside jointly tackling identified problems.

ACHIEVEMENTS AND PERFORMANCE (Continued)

Carers have opportunity to meet other carers, staff and volunteers through community-based Carers Hubs. The Hubs are run monthly in various venues throughout York including in Haxby, Acomb and at York St Sampson's Centre.

Carers Week in June 2019 provided a great opportunity to engage carers and one particular event was a trip aboard the River Duchess for a cruise on the river Ouse, where carers enjoyed refreshments and socialising.

We further ran a Legal Clinic for carers offering free legal advice on wills, probate and power of attorneys.

Other sessions and events enabled carers to take a break and help look after themselves and included:

- caring and wellbeing sessions
- carers action and rights sessions
- various trips and days out
- mindfulness, managing stress, creative writing and cooking

Advice and welfare benefits:

Over 400 advice cases have been dealt with including support from our evening advice phone line. We have secured a total of £202,000 in additional benefits for carers and their families.

Carers Emergency Card:

Over 1000 carers carry an emergency card. In our annual survey 100% of carers said that the card provided them with peace of mind.

Young Carers:

Our young carer staff and volunteers support young carers from age 5 to 18 years old.

With a successful 3-year funding bid through BBC Children in Need, we engaged young carers in attending a full summer activity programme.

During the national Young Carer Awareness Day (January 2020) we engaged schools to support activities for young carers with the theme of 'Count Me In'. Schools hosted fun fund-raising activities; safeguarding sessions with staff; displayed Young Carer Awareness Day banners in schools; and held a non-uniform day.

We have improved and increased our work with schools, identifying hidden young carers and especially those aged under 8 years old.

We engaged young carers in the National Fly Kids Day, where the Humberside POM Flying Club provided aircrafts and experienced pilots for each young person to enjoy a short flight.

A visit to York University provided a great opportunity to introduce young carers to higher education and during half-term they enjoyed trips to Lazer Quest and bowling.

York City Football Club delivered football sessions to promote fitness in a fun and interactive way. This was a great way to provide young carers with sport as well as educational, social and healthy lifestyle opportunities. Relax Kids York further delivered a series of workshops to support young carers resilience adopting tools and techniques to manage their emotional wellbeing.

ACHIEVEMENTS AND PERFORMANCE (Continued)

Young Adult Carers:

Young adult carers were engaged in helping the Quilter Foundation make a film about the lives of young adult carers. The Quilter Foundation intend to use the film to raise £1.5 million over 3 years.

Two young adult carers were selected for a project called 'Your Once in a Lifetime Opportunity' (YOLO). This involved a funded trip to Kenya, helping at an orphanage, installing solar power systems and going on safari – truly life changing experiences.

With funding from York Children's Trust we offered individual funding to young adult carers to help them purchase essential items and access education and training to improve their opportunities.

Volunteers:

We are enormously grateful to our volunteers who give their time freely and bring added value to the work of our charity. Volunteers bring a diverse range of skills, experience and knowledge and help to deliver services, raise awareness and attract funding.

We are proud to report a volunteer being awarded the 'Carer Contributor of the Year runner up Award' from the Royal College of Psychiatrists and attended their annual ceremony. In promoting the volunteer for the award it was said she *'had advocated passionately and tirelessly for carers and devoted her time and energy into improving mental health services both locally and nationally'*.

Local funding support:

We are grateful to shoppers and local businesses for their support including Asda Monks Cross, Waitrose and the Aviva Communities Fund.

- 4354 carers were registered with YCC: 4,073 adult carers, 157 young adult carers and 124 young carers

FINANCIAL REVIEW

York Carers Centre finished the year with a deficit of £5,165 (2019: deficit £9,797). Total income increased by £19,610 to £489,221 (2019: £469,611) and at the same time expenditure increased by £14,978 to £494,386 (2019: £479,408).

RESERVES POLICY

Free reserves of £97,839 were held at 31 March 2020. Free reserves exclude those reserves which are restricted and fixed assets.

The trustees have now established a reserves policy and agreed on the level of reserves the charity will require to sustain its operations in the future.

IMPACT OF COVID

As like many charitable organisations, we had to act quickly from the 16th March 2020, once the UK went into national lockdown, to reduce the spread of Coronavirus. We are pleased to report we had good support from our local authority, City of York Council, throughout this period.

We quickly initiated a Covid sub-group and drafted an action plan to safely and quickly enable staff to work from home, and maintain support to carers. We sent out working from home guidance to all staff and volunteers including recommendations for looking after the health and wellbeing of employees. We further initiated Zoom conferencing for all staff to meet, and maintain contact, and were fortunate to be able to deliver mindfulness sessions. We also sent out employee appreciation gifts to remind staff that their contribution during such trying times was valued and recognised.

We maintained an accessible reception, information and advice service through normal office hours Monday to Friday and our evening carers advice line. We contacted all our funders and had support from them to re-negotiate and/or temporarily suspend delivery of funded projects.

We are proud to report that we are continuing to support carers, and working with our partners, not least City of York Council and the Vale of York Clinical Commissioning Group, ensuring carers have access to information, advice and support including statutory carers assessment of need.

We are continually working with our regional network partners through Carers Trust and York Council for Voluntary Services, who are also our landlords, to develop creative opportunities to maintain support for carers and to ensure we adopt flexible and safe return to work plans in light of Government Covid compliance recommendations.

The charity trustees (who are also the directors of the York Carers Centre for the purposes of company law) are responsible for preparing a trustees' annual report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charitable company and of the income and expenditure of the charitable company for that period. In preparing the financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP 2019 (FRS 102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and the group and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Children in Need

A three year grant to deliver a six week activity programme over the summer holidays to increase the emotional wellbeing of young carers and enable them to build emotional and mental resilience. The programme delivers workshops to learn about food and nutrition in a fun, creative way. It enables young carers to adopt healthy eating habits and cooking healthy meals on a budget, and will help families on low incomes and increase young people's practical skills throughout their lives. Through this programme young carers will engage in physical activities that challenge and improve their physical and mental ability and benefit them from engaging in team-work, relieve stress and build fitness thereby helping overcome long-term health problems such as obesity.

Quilter Foundation (Carers Trust)

We have been successful in acquiring funding from the Inspiring Change grant programme. This will enable young adult carers to take time out from the pressures they face to engage in fun activities and access one-to-one support helping overcome isolation and build their confidence and self-esteem. They will explore and identify future goals and plans that will help their transition into adulthood. In addition we have received funding from the Aspirations grant programme to help young adult carers towards their goals where appropriate, for example paying to complete a qualification needed for a job. On completion of the project, all young adult carers will have a portfolio featuring their skills and strengths; photographs of their achievements and a detailed action plan matching their identified goals and aspirations.

Joseph Rowntree Foundation (2019 only)

A small grant to employ a member of staff to assist in the facilitation and administration of a group for carers of people with severe mental ill health which is run in partnership with Rethink mental illness York group. The member of staff is also able to offer additional support to carers who require it and follow up any issues that arise at group meetings.

The transfer in both years is to clear the fund deficit.
